HIRE OF MAGNETIC FIELD METER

ARPANSA provides the magnetic field meters for domestic use. They have been calibrated and are suitable for determining 50 Hz (mains electricity) magnetic fields in and around homes. This hire service is not approved for occupational health and safety surveys or other professional use. ARPANSA will only dispatch meters following receipt of:

- An agreement form with original signature (FAXed signatures are not acceptable)
- Complete credit card details or cheque or money order for $38.00 ($46.00 if return envelope requested)
- A clear photocopy of your drivers licence.

Demand for the meters is high and return to the **Yallambie address below** on the third day following receipt is required. The meters should be treated with care and returned in the same packaging in which they arrive. Return should be by *Express Post* or by courier. By agreement a return envelope can be supplied with the meter at additional cost.

AGREEMENT

I will accept responsibility for one *Teslatronics*, *Sypris* or *Emdex* magnetic field meter when I receive it. I agree to dispatch the meter by ***Express Post*** or **courier** to the Australian Radiation Protection and Nuclear Safety Agency **on or before the third full day after receipt** or to return it in person by that time. I accept that if I fail to return the meter within that time, I may be charged a fee of $10.00 for each day in excess of that period until the meter is returned. I agree to my credit card as detailed below being debited by an amount of $30.00 plus postage charges (currently $8.00) on the date of dispatch to me. I further agree to pay for necessary repairs or replacement (not exceeding $600.00) if the meter is damaged or lost. All charges include GST. I understand that, if required, ARPANSA staff will provide limited discussion of the measurements with me.
