SINGLE SHIPMENT**

DETAILS OF RADIOACTIVE SOURCE(S) PROPOSED TO BE EXPORTED

(PLEASE PHOTOCOPY THIS PAGE IF INSUFFICIENT SPACE I.E. THERE ARE MORE THAN FIVE ITEMS IN THIS SHIPMENT)

	1	2	3	4	5
Item [eg: smoke alarm]					
Identification/ Serial Number					
AHEC Code					
Proposed Use of Source					
Quantity					
Radionuclide [eg: Cs-137]					
Chemical Form [eg: CsCl]					
Physical Form [solid, liquid, gas]					
Activity in <u>Becquerels</u>					
Date of Measurement					

Please tick this box if you have used additional forms:

Applicants please note:

- (a) "Exporting Facility" means the natural or legal person in an exporting State, from which one or more radioactive source(s) are exported to an importing State or to a recipient in an importing State.
"Importing State" means the State of final destination for a physical transfer of one or more radioactive source(s) from an exporting State or an exporting facility.
- (b) It is likely to be a requirement of the Commonwealth, State or Territory in which you possess or use the high activity radioactive source that you hold a suitable licence. There may also be other requirements placed on you and your dealings with the radioactive source(s). Contact the relevant Commonwealth, State or Territory regulatory authority for advice on licence requirements.
- (c) "Recipient" means the natural or legal person in an importing State that receives one or more radioactive source(s) exported by an exporting State or an exporting facility in the exporting State.
- (d) The applicant warrants the statements contained in this application are true and correct.
