Subject: Reporting Potential Breach: LFLS Helicopter Event. [SEC=UNCLASSIFIED]

Dear Jim,

Following on from the event regarding the emergency helicopter landing at Little Forest Legacy Site in September, an independent external investigation into the event has been completed. Please find this attached.

The investigation shows potential non-compliances with the plans and arrangements for managing safety of the facility (Regulation 49) as the appropriate internal approvals to enter and use the LFLS for an emergency exercise were not obtained.

If you would like any further information please don't hesitate to contact me and I'll arrange a meeting with the relevant parties.

Kind Regards,
Paula
